Website crawling and XLIFF download**** 	\$150 / monthly  Up to 20 website crawling and XLIFF downloads per month (average over the last 3 months)	\$400 / monthly  No limits

- \* Enough for initial quote for your client. You get unique text segments, including repetitions throughout the website
- \*\* Normally you need an XLIFF file already at the initial stages of translation. getLoc will prepare the XLIFF file for export into virtually any CAT-tools
- \*\*\* Contact us if you want to order localization into 3 or more languages (locales) or websites with have over 100,000 pages
- \*\*\*\* Applies if:
  - you purchase crawling services and an XLIFF file (or export in CAT-tool)
  - you order website crawling directly from CAT-system, in which case you get a translation ready project
